---

### EXPERIENCE

#### COCOSOFT TECHNOLOGY PTE. LTD. (SHENZHEN JIULING TECHNOLOGY)

*AI startup specializing in SaaS and AI software products, serving millions of users worldwide.*

Shenzhen, China

July 2024 – October 2024

##### Overseas Influencer Marketing Intern

- Sourced and built partnerships with 70+ YouTube Influencers for AI products such as LoudMe.Ai, leading influencer selection, multi-round pricing negotiations, and detailed content briefing to ensure collaboration quality and cost efficiency.
- Used Google Analytics and YouTube Analytics to analyze traffic sources, user behavior, and registration conversion by influencer; conducted A/B testing on content framing and posting timing to improve engagement and downstream conversion.
- Built structured Excel models to compare CTR/CPM/conversion across creators and summarize test results, supporting budget allocation and optimization decisions; reduced CPM to <\$15 while generating 2,500+ registrations and 650,000+ views.

#### GUANGDONG CARDLO BIOTECHNOLOGY CO., LTD.

##### International Sales & Marketing Assistant

Guangzhou, China

July 2023 – August 2023

- Optimized product listings on B2B platforms such as YiXuan and Alibaba through keyword analysis, traffic data analysis, competitor benchmarking, and strategic pricing adjustment, boosting page views by ~35% and increasing customer inquiries.
- Created digital marketing content by designing promotional materials, producing product videos, and managing the company's Twitter account, where I shared biotechnology industry insights to strengthen brand visibility and drive a 24% traffic increase.

#### RAVEIVAL

##### Startup Business Development Intern / Market Research Intern

Santa Barbara, CA

November 2022- May 2023

- Conducted 100+ structured customer interviews to identify unmet needs in the festival apparel market; synthesized insights to refine the value proposition and reposition the initial product concept.
- Designed early-stage demand validation experiments (event activations), scaling waitlist sign-ups from 0 to 400+ in one month.
- Conducted in-depth competitor research on top festival apparel brands, compiled market reports, and performed SWOT analysis.

---

### RESEARCH / PROJECTS EXPERIENCE

#### AI TRAVEL PLANNING APP (FOUNDER PROJECT), Co-Founder

New York, NY | Fall 2025 – March 2026

- Defined target segment through 100+ surveys and 15+ interviews, prioritized feature roadmap, built MVP prototype using vibe coding, and iterated UX flows based on structured user testing feedback; modeled subscription pricing tiers and usage scenarios in Excel to estimate ARPU and unit economics; defined early acquisition experiments to validate monetization assumptions.

#### MARKETING ANALYTICS & PREDICTIVE MODELING PROJECT

New York, NY | Fall 2025

- Led a market perception analysis project by transforming 7,950 unstructured fragrance reviews into a structured 10-dimension evaluation framework using LLM-assisted NLP, clustering, and regression modeling; identified that perceived complexity ( $\beta = +0.18$ ) was the strongest driver of ratings, providing data-backed insights into product positioning and attribute prioritization.

#### BOUNDARY MANAGEMENT RESEARCH PROJECT, Lead Researcher

Santa Barbara, CA | Fall 2023 - Spring 2024

- Collaborated with a research team to analyze a 13-year healthcare IT Slack dataset, applying qualitative coding techniques (open/axial coding, codebook development, and inter-coder reliability checks) to build a coding framework and systematically code thousands of messages from 20+ Slack channels, ensuring data validity.

#### BABANANA DRAMA CLUB, Producer / Music Director

Santa Barbara, CA | Fall 2023 – Spring 2025

- Directed end-to-end execution of two large-scale productions by defining scope, setting milestone roadmap, allocating resources, and leading a 30+ member cross-functional team, balancing creative vision with budget and licensing constraints while mitigating operational risks to deliver performances to 400+ attendees annually.

---
